## Section Four

*You will surely read this collection of stories and say to others, “I didn’t know that!” – just as I did when I first heard about the many adventures of Willie Walleye! Let me give you a sample of what you can expect.*

*•Did you know that Willie was captured by the Vikings (those from Norway, not the Minnesota Vikings football team) and destined to become lutefisk?*

*•Did you know that Willie Walleye and his friend Caviar (the Sturgeon) have rescued many a wayfaring fisherman?*

*•Did you know that Willie Walleye is a descendant of royalty and was captured and sold to Sea World?*

*•Did you know that Willie is responsible for the “Northern Lights” in the sky – an accident following a game of pond hockey on the Baudette Bay?*

*And, once you’ve read these stories, I’m sure you’ll begin to recall other stories you’ve heard about The Adventures of Willie Walleye!*
